Gill, Rohit power India's eight-wicket victory over WI in 2nd ODI

Guwahati:Skipper Shubman Gill clobbered an unbeaten 223, the fastest double hundred in 50-over cricket, and Rohit Sharma belted a 101 as two generations of super stars came together to give India a series-sealing eight-wicket win over the West Indies in the second ODI here on Wednesday. West Indies might have desperately hoped that 405 for seven remained target far from Indians but how wrong were they! The incumbent captain, who snatched the crown for the fastest ODI 200 (117 balls) from his teammate Ishan Kishan (126 balls), and his predecessor, who made his 35th one-day century, piled 255 runs for the opening wicket in just 26.2 overs as India made 406 for two in 43.3 overs.

KCR Family Amassed 1Lakh Core Wealth: Revanth Alleges KCR family looted state in the name of Telangana movement

Sircilla, Sep30 (Open Frame): Allegingthat the KCR family amassed one lakh crore of rupees, Chief Minister A Revanth Reddy challenged BRS working president KT Rama Rao to release a white paper on his assets and those of former chief minister K Chandrashekar Rao, T Harish Rao, and J Santosh Kumar. Addressing a public meeting in Sircilla on Wednesday, Revanth Reddy alleged that the KCR family had amassed substantial assets by exploiting the Telangana movement and accused the family of benefiting disproportionately during the previous Bharat Rashtra Samithi (BRS) regime. “If KTR has the courage, let him release a white paper on his assets as well as those of KCR, Harish Rao, Santosh Rao,” the Chief Minister said. He questioned the ownership and sources of properties and farmhouses owned by the members of the KCR family and sought explanations regarding their reported investments and assets outside the country. The allegations are part of an ongoing political exchange between the Congress government and the BRS leadership over land and assets. KTR recently demanded a white paper and documentary details from the government regarding its allegations concerning 8,000 acres of land owned by him in Sircilla.On Wednesday, Revanth Reddy alleged that assets and land worth thousands

of crores of rupees, which were earlier held by individuals from the erstwhile Andhra Pradesh region, were transferred to members of the KCR family within a short period. He also questioned how properties in and around Hyderabad, including hotels and service apartments, were acquired by KTR and asked the BRS working president to explain the sources of the alleged wealth. The Chief

Minister said, "There are farmhouses belonging to KTR in Janwada, his sister Kavitha in Shankarpally, Harish Rao in Moinabad, and KCR in Erravalli, aren't there? Where did all these come from? How did KTR acquire properties like Deccan Serai, 'At Home' service apartments, and hotels with nearly 400 rooms in the vicinity of Hitech City? Does KTR have the guts to

Heroic Indian captain prevents flydubai hijack

Makes emergency landing in Saudi Arabia; saves 180 passengers

New Delhi, Sep30 (Open Frame):

Ina dramatic mid-air incident, an Indian Captain of flydubai flight FZ1073 from Dubai to Tel Aviv carrying 180 passengers thwarted a hijack attempt by his co-pilot, averting what Israeli media described as a potential “second 9/11.” The flight made an emergency landing in Saudi Arabia after an alleged violent altercation between the two pilots inside the cockpit triggering a mid-air emergency, with videos purportedly capturing passengers screaming as the aircraft rapidly descended.The flight was diverted to Tabuk airport after transmitting emergency signals that briefly raised fears of a hijacking. Israeli authorities scrambled fighter jets as they struggled to establish contact with the aircraft According to reports, the Omani co-pilot allegedly tried to seize control of the aircraft stabbing Captain Smit Machchhar during the flight. Despite sustaining injuries, the Captain fought back and prevented the plane from

crashing. His quick thinking and courage ensured the safety of more than 180 passengers, most of them Israeli nationals.The situation escalated when the Captain, injured but determined, managed to restrain the attacker long enough for two off-duty pilots traveling as passengers to intervene. Together, they regained control of the cockpit and diverted the aircraft to Saudi Arabia, where it landed safely. Israeli outlets YNet News and Channel 12 confirmed the Captain’s nationality as Indian, hailing him as a hero whose actions prevented a mass tragedy.

KTR seeks SC probe into EC ‘credibility crisis’

Hyderabad, Sep30 (Open Frame):

Statingthat the Election Commission of India faces a severe credibility crisis, BRS Working President KTR on Wednesday urged the Supreme Court to take suo motu cognisance of the issue and order a comprehensive judicial probe. Speaking at the India Today Conclave in Kochi, Kerala, KTR firmly ruled out any political alliance with the Bharatiya Janata Party, clarifying that both parties hold fundamentally divergent ideologies. He emphasized that BRS has never aligned with the BJP over the past 26 years, having contested the 2014, 2018, and 2023 Assembly elections independently. KTR strongly opposed the Centre proposed parliamentary

delimitation process, warning that population-based seat allocation threatens to penalize southern states that successfully implemented family planning programs. He noted that the southern contribution to national population dropped from 24 per cent

Bhatti rules out rift with Revanth

■ The Deputy CM says Congress leaders united in implementing party ideology across Telangana

Hyderabad, Sep30 (Open Frame): Deputy Chief Minister Mallu Bhatti Vikramarka on Wednesday dismissed reports of differences with Chief Minister A Revanth Reddy, asserting that Congress leaders should not be viewed through the lens of caste and that party decisions are taken democratically by the high command. Responding to queries regarding leadership roles in Kochi, Bhatti emphasized that he does not view party colleagues on a caste basis, affirming that all leaders abide by high command directives. He stated that he is working together 100 per cent with Chief Minister Revanth Reddy and cabinet colleagues to implement Congress ideology across Telangana. Asserting that Congress ideology remains the ultimate safeguard for the nation, Bhatti appealed to former party leaders, including YS Jagan Mohan Reddy, Mamata

Banerjee, and Sharad Pawar, to return to the Congress fold. He highlighted that the party possesses the vision to unite diverse societal sections while pursuing holistic development. Recalling his close association with former Chief Minister YS Rajasekhara Reddy, Bhatti shared that participating in an intensive five-day training programme for young legislators strengthened his commitment to party principles. Addressing federal finance, Bhatti demanded justice for southern states in central resource allocation, pointing out that despite contributing significantly to national revenue, southern states receive disproportionately lower returns. He noted that under Goods and Services Tax distribution, for every rupee contributed, southern states receive merely 43 paise back, whereas states like Bihar receive up to two rupees, urging equitable financial

devolution. Additionally, Bhatti raised serious concerns over voter list deletions and Election Commission operations, warning that public confidence in constitutional bodies is at risk. Demanding that the Centre apologize for alleged misuse of the Election Commission, he called for comprehensive electoral reforms to safeguard democracy and the Constitution.

Water crisis result of state's negligence: TG BJP chief

Nagarjunsagar, Sep30 (Open Frame): Drying groundwater, withering crops and reduced power supply are hurting farmers across the state due to the government's negligence, alleged BJP Telangana State unit president N Ramachander Rao. After visiting the Nagarjuna Sagar project and Kanagal and Nalgonda rural mandals during his Nalgonda district tour on Wednesday, he said cultivation across thousands of acres depended entirely on borewells. Though the Congress government claimed to be supplying power for 12 to 15 hours, farmers were receiving only about five hours, leaving crops to wither. He said people and children in villages were suffering due to the heat and mosquito menace as fans

could not run. He alleged that the State government was blaming the Centre for the power shortage by citing coal scarcity instead of improving coordination between Genco and Discoms and effectively utilising thermal, hydel, solar and Chhattisgarh power. Ramachander Rao also criticised Congress leaders Rahul Gandhi and Priyanka Gandhi for promising a crop insurance scheme better than the Pradhan Mantri Fasal Bima Yojana at the Warangal Rythu Declaration meeting, but allegedly failing to provide minimum insurance protection after coming to power. He demanded that the government seek immediate release of water from upstream Almatti and Narayanpur reservoirs to meet Hyderabad's drinking

water needs. Criticising the previous KCR government for agreeing to a 299 TMC Krishna water allocation, he said both the BRS and Congress had neglected Telangana's interests. He demanded that the State present a strong case before the KRMB and Apex Council. He said the crisis could have been mitigated by construct-

ing reservoir tanks at Jurala to store surplus floodwater. He also pointed to the RDS project, whose 15 TMC capacity has reportedly been reduced to five TMC due to lack of desilting, and alleged that governments had neglected smaller projects while spending heavily on mega projects.

Cong to put onus on MLAs, MPs for winning Graduate MLC seats

Hyderabad, Sep30 (Open Frame): The Congress has announced its candidates for the two Graduate MLC constituencies — Hyderabad-Rangareddy-Mahbubnagar (HRM) and Nalgonda-Khammam-Warangal (NKW) — and is preparing to mobilise its organisational network and elected representatives for the elections scheduled for March 2027. According to party sources, the Congress is taking the Graduate MLC elections prestigiously and is likely to entrust MLAs, MLCs and MPs with coordinating the campaign and securing support across the six erstwhile districts covered by the two constituencies. DCC presidents, corporation chairpersons and other public representatives, including sarpanches, are also expected to be involved. The Congress has substantial strength among elected representatives across the three erstwhile districts comprising the NKW constituency. It has 11 MLAs and two MPs in erstwhile Nalgonda, eight MLAs and two MPs in Khammam, and 10 MLAs and two MPs in Warangal. The party has 29 of the 34 Assembly seats across the three districts. It may also get the support of its friendly party CPI, which has one MLA and one MLC in the constituency. The Congress also has Ministers representing the three erstwhile districts and the support of CPI representatives. Party leaders are expected to coordinate with elected representatives and organisational leaders to reach graduate voters in support of Congress candidate Ramreddy Sarvotham Reddy. Party sources feel coordinated efforts by MLAs, MLCs

and MPs would strengthen the campaign. The political arithmetic is different in the HRM constituency, where the BRS has a sizeable Assembly presence. The Congress has 18 MLAs among the 43 Assembly constituencies covering the three erstwhile districts. The party has Chief Minister, three Ministers and the Speaker from the constituency and is expected to work harder to secure victory for its candidate. According to party sources, the Congress also has the support of seven AIMIM MLAs and five BRS MLAs who have joined the party. In erstwhile Mahbubnagar, the Congress has 12 MLAs and one MP, while it has no MP from erstwhile Hyderabad and Rangareddy. Congress represents Pargi,

Vikarabad and Tandur, while Ibrahimpatnam is represented by Malreddy Ranga Reddy. In erstwhile Hyderabad, the BRS, AIMIM, Congress and BJP have representation, with five, seven, two and one seats respectively. In erstwhile Rangareddy, the BRS retains significant presence, with MLAs representing Medchal, Malkajgiri, Quthbullapur, Kukatpally, Uppal, LB Nagar, Maheswaram, Rajendranagar, Serilingampally and Chevella. The Congress is expected to involve MLAs, MPs, MLCs, DCC presidents, corporation chairpersons and other local representatives in grassroots outreach and mobilisation of eligible graduate voters.

KCR Family Amassed 1Lakh Core Wealth: Revanth

answer questions regarding these? There are his investments in the US and Singapore as well, right? Why haven't these been disclosed so far?" Referring to the Manair River sand-mining issue and the 2017 Nerella incident, Revanth Reddy alleged that the previous BRS regime failed to protect Dalits and accused members of the KCR family of being responsible for targeting Dalits. He alleged that Santosh Rao and Ravinder Rao earned crores of rupees with illegal sand mining. He further alleged that Dalits were subjected to police excesses during the Nerella incident and questioned the role of Santosh Rao in it. The Chief Minister also referred to families displaced by the Mid Manair project and raised questions over the subsequent allocation and ownership of properties. Revanth Reddy said Sircilla, which he described as a region that should symbolise prosperity, had not witnessed sufficient improvement in the lives of ordinary people during the previous regime. He said the Congress government would focus on transforming the lives of people in the constituency and assured that he would personally take responsibility for Sircilla's development. The Chief Minister also challenged KCR to come to the Assembly for a debate on the performance of the previous and present governments, saying the achievements and failures of both regimes could be discussed in the House. He alleged that instead of fulfilling commitments, the previous leadership concentrated on expanding family assets and developing farmhouses. The Chief Minister urged Telangana Congress president B Mahesh Kumar Goud to ensure representation for the Padmashali community in the Legislative Council in the upcoming elections.

historically to 19 per cent currently. Questioning why state Assembly seats were increased in Assam and Jammu Kashmir but omitted in Andhra Pradesh and Telangana, KTR alleged the BJP ignored Telugu states due to limited local political influence. Discarding assurances offered by Union Home Minister Amit Shah, he insisted BRS will support parliamentary expansion only if Assembly seats increase proportionately. Reacting to Chief Minister Revanth Reddy recent controversial comments regarding Lord Rama and Lord Shiva, KTR accused national parties of distracting voters from real priorities. He remarked that while the BJP attempts to divide the nation on religious lines, the Congress Chief Minister is dividing citizens based on deities. Expressing deep concern over political discourse, KTR questioned why mainstream national parties refuse to engage in meaningful debate over job creation, electoral guarantees, economic development, and public welfare.

Playing Lord Ram a responsibility: Ranbir

Actor Ranbir Kapoor says playing Lord Rama in the upcoming mythological film "Ramayana" was not just a role but a responsibility as he had to remind himself every day to live up to the faith people have placed in him. The film's makers have released a behind-the-scenes video on YouTube where Ranbir as well as director Nitesh Tiwari, co-stars Arun Govil and Sai Pallavi spoke about his transformation into Lord Ram. "This isn't a role, or merely an exciting role in a movie. This is a responsibility... So every day, I reminded myself that my job was not to be worthy of this role. My job was to be worthy of the faith that people placed in this role," Ranbir said in the 5-minute video. "But I think everything just comes down to the simplicity and

belief of the individual playing Lord Rama," he added. Produced by Namit Malhotra's DNEG and Prime Focus Studios, "Ramayana" has been mounted as a global-scale adaptation of the mythological epic. The first part is scheduled for theatrical release on November 6, with the second instalment planned for 2027.
